

Equipment Trade Up Request Form

You must send in the equipment you want to trade with this form on the days of the fitting - earliest day possible will help us make a match. We are switching to a new style fin - the TYR Crossblade - so if you have a Kiefer fin that has been outgrown, use the size guide below to find the next size used fins you are looking for.

Below are the types of Kiefer fins we have used in the past - for tiny feet we also used a XXS Speedo fin - Youth size 11-13 which fits one size smaller than the orange Kiefer fin
